10 yes 0 abstention 0 no

Vote: To approve revisions to UDP minor requirements

Kelly discusses

Discussion

Anne Moudon moves to approve the revisions to the UDP minor requirements Mark Purcell seconds

10 approve 0 abstention 0 no

Update: UDP faculty search

Taken in 60 applications and have whittled it down to 10. They have reached out for more information...looking at people who have strong design.

Would like to invite 3 and may need to schedule an extra faculty meeting...we should have work samples by Thursday and start with Skype calls next week then on to invites.

Chris announcement: There is an opportunity for a unit increase above the normal merit.

Urban@uw Thaisa Way

ORU organized the research unit because a number of research projects were being submitted and because of similar research topics and shared interests these various groups got pulled together to form urban@uw

Currently starting a website in it's raw form and is looking for any submissions if the department is interested

For idea submissions, it's all organic right now and there is no process

Looking for interdisciplinary submissions and Ideas for the most part

* Noted that Thaisa was part of the faculty senate who worked on pushing for departmental unit adjustments
