*Courses meeting the requirements for multiple restricted electives can only be applied to one.

Other courses, including courses in other units on campus, may be applicable. However, any class not on this list needs approval from the Dept Chair or MUP Program Director in order to fulfill the requirement.

Quarters in which courses are offered are included as a guide. However, because scheduling changes can occur, please refer to the quarterly Time Schedule for the most current information.

Students entering prior to Autumn 2023 should refer to the requirements that pertain to their entry year
